The receipt is acknowledged of applicant's amendment filed 03/25/2009.

Claims 2-14 have been canceled, and claims 15-18 have been added.

Claims 1, 15-18 are pending.

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Brian Steinberger on July 09, 2009.

The application has been amended as follows:

In page 2 of the specification, 3rd full paragraph has been amended as follows to delete the embedded hyperlink and browser-executable code. See MPEP § 608.01:

"Hair product formulations identified in a March 25, 2004 search of beauty supply websites on the Internet identified several products containing enzymes. ~~The websites were: <http://kpbsbeautv.com/tfionics.htm>; <http://www.bhbbeauty.com/description.shtml>; <http://www.bhbbeauty.com/infohome.shtml> and each site~~ and identified products manufactured by Trionics Systems, Inc., College Park, New York. The enzyme

formulations are used as color developers, thickeners, texturizers, moisturizers, volumizers and to enhance waving of hair. None of the formulations mention specific enzymes nor use to reduce hair loss.”

2. Further the title of the invention has been amended as follows:

The title of the invention has been changed to:

“Hair and scalp toxin remover composition and method of its making”.

Reasons for allowance

3. The following is an examiner’s statement of reasons for allowance: applicant amended the claims to recite "consisting of" elements from (a) through (j). The combination of the closest prior art does not teach or suggest the claimed combination of elements in the claimed ranges. The primary reference requires thyromimetic compounds, therefore, in view of the “consisting of” language the reference falls.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”

4. Claims 1 and 15-18 are allowed.
